

Ashenafi Getachew Tolla
Project Appraisal Directorate I
A/Director

Letter of Intent

Dear,

DBE is under reform process by implementing its five year strategic reform plan and setting a clear vision “to be the leading and competent Bank in Africa by 2030”. Among the reform activities, the Bank is implementing a new sector based organizational structure and one of the key clusters is Corporate Industry Financing. I strongly believe that DBE need quality sector based appraisal studies for implementing successful projects.

As an **Appraisal Directorate-Industrial Financing Director** at DBE, my goal is to achieve the appraisal mission, introduce new techniques of technology and provide high-quality appraisal analyses for decision making that ultimately determines whether the bank will add or lose value.

The appraisal mission examines the project's technical, financial, economic, technical, institutional, environmental, marketing, and management aspects as well as potential social impact. Detailed project risks and sensitivity analyses are carried out to assess viability of the proposed project. Loan terms and conditions for loan effectiveness are discussed to improve sector performance and address key policy issues.

I had been working in Development Bank of Ethiopia for the last fifteen years. From those years of work experience, five years is almost as A/Director at Project Appraisal Directorate. During those years, my key responsibilities were to supervise, check, approve appraisal analysis. Regarding my educational background, I have a masters degree of Development Economics in which I successfully accomplished with an award of the academic year 2012 G.C. I am tremendous at problems solving, leadership and have great analytical skills.

My existing appraisal and leadership work experience, good academic background and the trainings that I took particularly Basic COMFAR, SPSS, E-view and STATA software's make me to have good leadership and data processing and analyzing skills to a quality appraisal documents.

Finally I believe I would be better equipped and proficient enough for the position of **Appraisal Directorate-Industrial Financing Director**.

Thank you for your time and consideration.

Sincerely yours,

Ashenafi Getachew
