To: Placement team

Developmental Bank of Ethiopia

Addis Ababa

**Position:** Technical Team manager, Hawassa District

Dear Placement team

I am submitting my resume in response to your advertisement in September 2021 on the position of technical team manager, Hawassa District; I perceive this announcement as a significant advancement in my career; I strongly believe I can perform well the delegated duties and tasks if I get the chance to join this vacancy. For example, if I get the chance, I have the following visions. I will work in team and coordinate my team to bring greatest success in the organization technical requests from various directions to meet in time with quality to achieve the vision of the organization. I believe my credential would be a great asset to the organization. This is exactly the type of position I have been looking for and I know that my 15 years of progressive experience would be a significant asset to the organization. My credential includes:

I possess a Bachelor of Science in Civil engineering (BSc) in Arbaminch University and I completed Master of Science (MSc) in Water resource engineering from Hawassa University. I have served 8 years' experience as a civil engineer in Development bank of Ethiopia Hawassa branch. Among these I have served 5 years' experience as a senior civil engineer.

Included in this role, I have worked in different governmental office. Especially, I have worked as a civil and hydraulic engineer at Halaba Zone for 6 years in Water resource office and 1 year as a civil/structural/ engineer at South Design and Supervision enterprise. I believe that I am the kind of person you are looking for.

With Regards,

Tewodros Semunegus
