## To Managerial Positions Placement Committee

**Subject:** -Expression of Interest and intent for managerial position

I would like to express my intent of applying **Manager Position on follow-up team** at East Addis Ababa Branch and I am really proud of working in Development Bank of Ethiopia, because, our Bank is one of the prominent institutions that contribute for transforming Ethiopia from poor agrarian economy through its unique development intervention mission.

My vision is directly emanated from my Unique Bank's vision that I have a vision of seeing effective and efficient implementation of lease financing policy and enabling in creating well capacitated SME's that could contribute more for our country's Industry lead economic transformation plan.

It is my pleasure to contribute and work more through leading staff members so as to utilize their maximum potential for achieving organizational mission. I would also exert my full effort on following-up Projects under the Branch to conduct active monitoring and providing technical support so as to reduce their existing NPL's status and increases their lease payment collections. To materialize it, strict on and off site follow-up as well as effective processing from document screening & KYC to ownership transfer stage is very important.

Our Bank is undertaking organizational reform, hence I should also accept and accelerate such smart intent of making **world class Bank** by adjusting myself as **transformational leader**, as well as acting as a change agent for practical application of the reform program and becoming competent enough through continuously improving myself.

I am more preferable for the post because I have good experience on working for more than six years on monitoring and following-up activities with in lease follow up Directorate. On that I used to following-up Districts & Branches to effectively support their respective Projects. Hence, by using this well accumulated experience I would effectively discharge the follow-up activities of the captioned Branch. Great thanks for your time and consideration!

Sincerely yours!

Solomon Alemu (Kesis)
