To:
Dear Sir,

I am Shewaye Edao and I have been working at Development Bank Of Ethiopia for the past 24 years . I have a BA in accounting from Addis Ababa University in year 1998E.C and I am currently Manager, Automated transfer service Team in the Treasury and Fund Management Directorate.

I would like to be considered first for the Manager, Corporate Branch position. I believe that I can contribute more to the bank if I was given this position. I have good experience in customer service area because I deal with internal and external Customer on daily bases and have taken several training sessions. I support the bank in its plan of change and I will perform to the best of my abilities if I were to be given this position.

Secondly, I would like to be considered for the Division Head corporate Bond Management Division vacant if I am not given the Manager, Corporate Branch position .I would put in the best of my efforts and skill for this job and would embrace the opportunity to bring my expertise and insight to this role.

Thirdly I would like to stay in my current position of Manager, Automated transfer service Team if am not given the promotions mentioned above.

Thanks you for taking the time to consider my request and I look forward to hearing response in due course.
