Placement teams, DBE

Dears;

Re. Electrical Engineering Team manager for Appraisal technical Division

I am applying for the position of **Electrical engineering team Manager for Appraisal technical division** which was advertised on the DBE Intranet portal. I firmly believe that my education, skill-set, intensive training, and extensive experience make me a suitable candidate for this vacancy.

I hold a MSC degree in Electrical from Addis Ababa institute of Technology (AAIT). As an individual who is interested in continuous professional development, I have dedicated more than 6 years of experience working as electrical engineer and senior electrical engineer on project appraisal directorate. Working as Sr. Electrical Engineer on project appraisal directorate for more than three years empowers my experience includes assisting in the creation of project plans, presenting proposals and determining the estimated cost of projects. I have experience performing administrative task such as documenting projects and creating operations schedules.

Ensuring that all activities complied with quality standards and examining planning of electrical equipment and systems, I have been able to successfully identify engineered resolutions to recurring electrical issues. I have functional knowledge of all electrical legislation, codes, and standards of practice, and have gained expertise in use of industry specific tools and applications.

I look forward to hearing from you in due course.

Sincerely;

Solomon H/Michael
