Development Bank of Ethiopia Addis Ababa

Subject: Applying for Job: 'Senior Agricultural Engineer', Research and Project

Data Management Directorate'

Dear Hiring Team,

From the *Internal vacancy* announcement, I have noted that Our Organization, Development Bank of Ethiopia, is seeking for a qualified applicant (as a last option) on the post of 'Senior Agricultural Engineer, Research and Data Management Directorate; and, I would like to apply for the position.

Work Experiences:

15 years of Services, out of which, **4 years** in **Managerial position** as **Head** of **Natural Resources Department**, and **5 years** of teaching at **College**. Now, I am working here at **Development Bank** of **Ethiopia**, as a Senior Agricultural Engineer (**6 years** of experiences).

Educational Background:

I have **MSc** degree in **Irrigation Engineering** from Haramaya University. My **BSc** degree is in **Agricultural Engineering** and **Mechanization** from Hawassa University. I have also Diploma Certificate in Basic Computer and Auto-CAD; different trainings on Mechanization Implements, GIS and Asset Valuation.

I am an **Irrigation Engineer** and also I am an **Agricultural** and **Mechanization Engineer**, too.

Though I deserve more, this is my last choice to fulfill the format. Thank you!

Sincerely,

Shambu Tolossa
